The 20% national co-financing for both Bulgarian and Greek beneficiaries is ensured from the respective state budget. Beneficiary shall ensure the needed own contribution (public and/or private, if applicable).

An indicative budget allocation (EU & National Funds) to the programme priorities and to the specific objectives is presented in Annex I – Table 2.

3. CONTEXT OF THE CALL

Legal Framework

The legal framework of the Small Projects Fund (SPF) Project is outlined by the Article 25 of Regulation (EU) 2021/1059. The Small Project Fund Project constitutes an operation within the meaning of point 4 of Article 2 of Regulation (EU) 2021/1060 and will be managed by a Single Beneficiary (having legal personality), taking into account its tasks and remuneration. The SPF Beneficiary shall establish the Common Steering Committee, a body involving representatives from both participating countries which will select the final recipients within the meaning of point (18) of Article 2 of Regulation (EU) 2021/1060.

Background information and Lessons learn.

According to the experience of the previous Programming Periods (2007-2013 / 2014-2020) the established in the eligible area Micro and Small enterprises have mostly limited access to finance through mainstream financial tools provided by mainstream Programmes (and RRF). These beneficiaries usually lack the administrative capacity and experience to reach the funding resources, thus indicating a 'funding gap'.

SPFs and Programme Strategy

The Small Project Funds (SPFs) are well-positioned to support organizations with limited administrative, financial, or human resources. The SPF can therefore address the 'funding gap' of small-scale organizations. The Programme will finance projects of limited financial volume within the small project fund, under Specific Objective 2.6 "Promoting the transition to a circular and resource efficient economy"

The SPF Beneficiary should have the following characteristics:

- Sound managerial capacity, supported by sufficient and experienced personell, established and certified administrative procedures and capacity for project management and implementation.
- Previous experience in Cross Border Cooperation and established links and communication with organization of the eligible area from both sides of the borders will be beneficial.

Types of Actions to be financed within the framework of the SPF:

- Support of micro /small enterprises capacities to transit to Green Circular and Resource Efficient business models.
- Support of micro /small enterprises capacities in the field of circular economy for upskilling, growth of digital competencies and modernisation of their organisational capacity (mentoring, coaching etc.).

The target groups / Final Recipients are :

As for the S.O. 2.6 in the Programme Document it is foreseen that direct support to SME's will be granted in order to enhance its capacities to transit to Green and Circular business models. The Project will aim to support mostly micro and small enterprises.

In general final recipients will be existing SMEs registered and operating for at least 2 years prior to the Call for Proposals in the eligible cross-border area.

Selection of final recipients

The SPF Beneficiary :

- will establish a non-discriminatory and transparent selection procedure of the final recipients with a balanced distribution of support between the partnering countries, to the greatest extent possible, in order to ensure the cross-border effect; any significant imbalance shall be duly justified based on the quality of applications and their contribution to the objectives of the call;
- will apply objective criteria for the selection of final recipients, which avoid conflicts of interest;
- will establish the Common Steering Committee, a body involving representatives from both participating countries which will assess applications and select the final recipients;
- will fix the amount of support for each final recipient taking into account the target value of indicators under this call;
- will attract and engage the final recipients;

Additionally to the above-mentioned responsibilities, the Single Beneficiary will be also fully responsible and accountable for:

- providing guidance to the final recipients during the application phase;
- the implementation of the operation and will keep at its level all supporting documents required for the audit trail in accordance with Annex XIII to Regulation (EU) 2021/1060;
- the public availability of the list of the final recipients which benefit from the operation.
- the management verification of final recipients' expenditures; respectively, the projects' outputs and results;
- the implementation of the controls and the on-site visits;
- the capitalization among the final recipients.

Additionally the Single Beneficiary will take the necessary measures to ensure that the final recipients will comply with the requirements set out in art. 36 of the Regulation (EU) 2021/1059. (Publicity).

All the above elements shall be thoroughly and clearly described in methodology documents, submitted by the applicant, and will be evaluated by the Managing Authority/Joint Secretariat according to the approved by MCP "Project Selection Methodology for SPF Projects".

During providing and exercising the above tasks and duties, the SPF Beneficiary will fully and closely cooperate – within the framework of good will and due diligence – with the Managing Authority/Joint Secretariat.

However, it should be very clearly stated and taken into consideration that award of a Small Project Fund to the applicant shall not constitute a delegation of tasks from the Managing Authority to an intermediate body as referred to in Article 71(3) of Regulation (EU) 2021/1060.

Expected Interventions:

The Project will aim to support mostly micro and small enterprises to invest in small scale infrastructure, renovation, equipment, upskilling and digital applications that will favour:

- Resource efficiency of SMEs' functions, including energy and water
- Minimization of waste produced through production function
- Smart monitoring of materials, energy, and wastes flows, improving efficiency
- Reuse of resources or byproducts within the enterprise or by third parties (secondary materials).
- Development of circular business models to favor the establishment of regional close-loop value chain by employing B2B, B2C and C2C models of cooperation

More detailed information is provided in the Small Project Fund Implementation Manual (SPFIM) and in the Programme Document

4. PROJECT DURATION

Projects should be concluded within a maximum period of thirty six (36 months after the signing of the Subsidy Contract (SC) between the Managing Authority/ Alternate Minister of Economy and Finance and the Small Project Fund Beneficiary (SPF Beneficiary) but no later than 31.12.2029.

5. ELIGIBILITY OF APPLICANTS

The project partner scheme consists of the Beneficiary, which is invited by the Present Call.

The small project fund constitutes an operation within the meaning of point 4 of Article 2 of Regulation (EU) 2021/ 1060 which shall be managed by a beneficiary, taking into account its tasks and remuneration.

The beneficiary shall be a cross-border legal body or an EGTC or a body which shall have legal personality.

The final recipients within a small project fund shall receive support from the ERDF through the beneficiary and implement the small projects within that small project fund ('small project').

The beneficiary shall select the small projects which are implemented by the final recipients within the meaning of point (18) of Article 2 of Regulation (EU) 2021/1060. Where the beneficiary is not a cross-border legal body or an EGTC, a body involving representatives from at least two participating countries, of which at least one is a Member State, shall select the joint small projects.

6. ELIGIBILITY OF EXPENDITURE

- 6.1 The end date of the eligibility period for the costs of the proposed operations is defined as 31.12.2029. The end date of the SPF project (completion in both physical and financial terms of the project) should be by the above date.
- 6.2 Projects that have been physically completed or fully executed before the application for funding at the present Call for Project Proposals are not eligible, regardless of whether or not the related payments have been made.
- 6.3 **Project budget requirements (incl. EU & National Funds)**

The SPF beneficiary may use SCO's for Staff Costs and Travel & Accomodaton Costs.

Detailed eligibility rules on activities and related expenditure are described in the *SPF Implementation Manual*.

7. INSTRUCTIONS FOR THE SUBMISSION OF PROJECT PROPOSALS

7.1. The project proposal is submitted to MIS at the following website <https://logon.ops.gr/>

from 15/5/2026 (start date for submission of proposals), time 12.00 Eastern European Time (CET+1) until, exclusively, 22/6/2026 (deadline for submission of proposals 14.00 Eastern European Time (CET+1))

by the SPF Beneficiary's legal representative (personal user account of the legal representative).

After the successful submission of the proposal, the Beneficiary is informed about it through the MIS.

Before the deadline for submitting proposals, it is allowed to resubmit a new proposal after canceling the original proposal. The proposal is evaluated based on the last successful/valid submission.

The beneficiary is required to have two types of personal user accounts (username and password) to access the MIS:

1. the SPF Beneficiary's officers to fill in the forms and
 2. the SPF Beneficiary's legal representative for submitting proposals, or another user of the system authorized for submission.
- If the Beneficiary do not already have a "Body Code" in the MIS from the period 2014-2020, should apply for a body code. Instructions for obtaining a Body Code and/or User Account in MIS can be found in the Applicant's Package.

7.2. The Application Form (AF) is the Beneficiary's proposal and is completed exclusively in the electronic format available at the MIS. Instructions for filling in the fields of the Application Form are attached to the present Call (Guidelines for applying in MIS 2021-2027). The submission of the proposal also constitutes an application for funding of the potential beneficiaries.

8. SELECTION PROCESS

After the submission of the proposal by the potential SPF Beneficiary, the selection process and approval of SPF project are as follows.

- a) Phase A1': Administrative Compliance & S.P.F. Beneficiary Eligibility Assessment
- b) Phase A2a': Quality Assessment
- c) Phase A2b': SPF Beneficiary Eligibility Assessment & State Aid Compliance

The evaluation of the proposals (Quality Assessment) is performed by two (2) Assessors, one Staff Member of the MA/JS and one from the Bulgarian NA. The procedure is under the supervision and guidance of Unit A of the Managing Authority.

The assessors will use the selection criteria to evaluate the projects. The aim of the core selection criteria in Phase A2a is to assess the quality of the eligible project proposals.

A project proposal under the S.P.F. will be approved (PASS) if it receives a score of (5) Excellent or (4) Good in all content-related and implementation-related criteria.

Exceptionally, a project proposal may still be approved (PASS) if it receives a score of (3) Adequate in no more than one content-related criterion and/or one implementation-related criterion.

In case, a project proposal obtains score less than the admissible, the MA/Unit A communicates, via MIS, to the potential beneficiary the necessary corrective measures to be taken so that the proposal meets the criteria of Phase A2a.

During the evaluation, if needed according to the assessment results, MA may request from the beneficiary, (A1 & A2a & A2b Phases) to submit additional information and clarifications, within a specific deadline.

The final results of the evaluation are checked and finalized by Unit A' of the Managing Authority and submitted for approval to the Monitoring Committee after the completion of Phase A2b.

The final results of the total evaluation (phases A1, A2a, A2b), are communicated to the National Authorities of both countries, before submitted for approval to the Monitoring Committee. After MC's approval, the results are communicated by the Managing Authority to the SPF beneficiary, via MIS .

In response to the above decision, complaints can be raised by potential SPF Beneficiary, which may be submitted within 7 working days from the next day after the communication of the Monitoring Committee's Decision.

Complaints are examined by the Joint Complaints Committee, based on its rules of procedure approved by the Monitoring Committee.

The SPF Project Selection Methodology is described analytically in the respective document of the Applicant's Package.

9. COMMUNICATION - SUPPORT TO APPLICANTS

9.1 For information with regard to the Programme, the Management and Control System, the institutional framework for the implementation of the actions within the Programme, the eligible expenditure costs for the actions, as well as any information related to the submission of proposals (such as instructions for the completion of the Application Form, monitoring indicators, specification of the project proposal evaluation criteria and other documents, which are necessary for the examination of the proposal) please visit the Programme website www.greece-bulgaria.eu.

9.2 You may also find relevant information on the Managing Authority's website (www.interreg.gr)

9.3 The programme provides the following support measures and tools to assist applicants (potential beneficiaries) in submitting quality project proposals. In particular:

Questions: applicants may pose questions in written (at interreg@mou.gr) via an e-mail to the Managing Authority, no later than ten (10) calendar days before the deadline for the submission of proposals. Answers shall be replied no later than five (5) calendar days before the deadline for the submission of Project Proposals.

Helpdesks for technical support - For questions related to the application system, contact MIS helpdesk (ikalaitzoglou@mou.gr) by email or consult the MIS user manual.

National support by Info Points (IPs) - Applicants can also reach out to the Info Point (IP) in Bulgaria. National support is offered regarding the calls and information is provided in national languages on primarily national application issues.

9.4 Applicants are invited to regularly consult the official Programme website for updates and further details regarding all support measures.

10. PERSONAL DATA PROTECTION

10.1 The Managing Authority that holds the position of "controller" declares that:

- is aware of the provisions of Regulation (EU) 2016/679 of the European Parliament and of the Council on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, the Hellenic Legislation - Law 4624/2019 and the relevant instructions and decisions of the Hellenic Data Protection Authority, which govern the legal execution of the Call, and
- fully undertakes the obligations deriving from the legislation, regarding the protection and security of personal data, which may be processed and/or come to its knowledge in any way.

- 10.2 The processing by the beneficiaries (acting as processors) is governed by a legal act that falls under the European Union law and the Hellenic law, which binds the processor in relation to the controller and determines the object and duration of the processing, the nature and purpose of the processing, the type of personal data and the categories of data subjects, as well as the obligations and rights of the controller and the processors. This legal act, takes the form of the Subsidy Contract between the Managing Authority and the Lead Beneficiary (Lead Partner) of a project - following the Decision of the Monitoring Committee, where all the provisions related to the protection of personal data are provided.
